AUDITORS' REPORT

To the Voters of the Town of Dorset:

Your auditors have examined and audited the various accounts of the Town Officers as recorded by them for the fiscal year of 1952. These accounts include the Treasurer's, Selectmen's, School Directors', Tax Collector's, Road Commissioners' and the Overseer's.

We hereby certify that, in our opinion, the officers have accounted for all moneys received and disbursed by them as evidenced by the books and other records, kept on file.

Respectfully submitted,

HENRY G. STONE,
J. FORD SHRODER,
JOHN N. STANNARD,
Town Auditors.

WALDEMAR F. ANDERSON

Public Accountant
Manchester, Vermont

February 2, 1953

To the Voters of the Town of Dorset:

In accordance with the request of the Town Auditors, I have assisted them in the preparation of the annual report of the Town of Dorset, for the year ending December 31, 1952.

The sequence of the Financial reports has been changed from the order in which they appeared in the annual report of the previous year. With this change, the reports of the Town Officers are arranged in an order that should be easier to follow.

The Town Officers, and myself, are of the opinion that the detail listing of the Town Officers' Orders are not necessary. It is our belief that the detail listing of these Orders should be eliminated from the annual report. With this change it will be possible to save a considerable amount of the printing cost of the annual report, as well as the time of the various Officers, which I understand is at the rate of \$6.00 (six dollars) per day.

I have not made a detail audit of the Town Records, but have only assisted the Town Auditors with the preparation of the Town Report in its final stages, and I believe that they have examined the records of the Town Officers, and that they have conducted an audit to the best of their ability.

Very truly yours,

WALDEMAR F. ANDERSON

And further that the Quadrennial Appraisal be corrected and made a record of valuations arrived at, as true value in money described as "Market Value" in the cards used at time of Appraisal and that this record of valuations be the basis of preparing the Grand List for the years 1952, 1953, 1954.

MEETING OF SELECTMEN AND LISTERS

COPY OF MINUTES OF A MEETING WITH SELECTMEN AND LISTERS TO CORRECT GRAND LIST.

Minutes of a meeting held in the Town Clerk's office Wednesday evening, March 26, 1952, with the following present: Board of Selectmen (Paul White, James Stannard, Edward Leary), Board of Listers (Clyde McWayne, John Stannard, Ernest McDaniels), Senator Carleton Howe, Justice of the Peace Henry Stone and Assistant Town Clerk Guy S. Stone.

Paul White read the first Article of the Minutes of Town Meeting as pertaining to the listers. A discussion on the readjustment of the Quadrennial Appraisal figures followed.

Ernest McDaniels stated that a percentage of the property was not inspected for appraisal and therefore could not adjust these values until they were reappraised.

There was a lengthy discussion of the systems used for setting valuations on properties in the Town of Dorset and other Towns.

John Stannard read a section of the Vermont Statutes indicating no provision for using a per cent of true value for the appraisal value.

John Stannard gave a report of the meeting in Montpelier with Tax Commissioner Morrison who was in sympathy with the vote of the people in Dorset on the Quadrennial question.

Carleton Howe wanted to know the objections to raising the property values to their true value as voted. There was no reasonable objections presented.

Henry Stone wanted to know if it was done in this manner of 1/5 market value because certain properties were not gone over. The Listers agreed that this was the reason.

Clyde McWayne stated that until recently he had not given the matter much serious thought as it didn't seem to make much difference.

John Stannard gave further reasons for his insistence on following the Vermont Statutes.

Paul White stated that he could see no reason why the vote of the people could not be carried out.

There was discussion of readjustment of Mountain land which was not appraised at Quadrennial.

James Stannard asked if the vote of the people would be carried out.

Ernest McDaniels stated that they would carry out the vote of the people if it was necessary.

James Stannard asked for the assurance of the listers that the required work on the Quadrennial would be done.

The Listers of the Quadrennial asked for official notification of action on this matter at Town Meeting and stated that they would notify the Selectmen of their decision.

The Assistant Town Clerk gave the listers a copy of the minutes of Town Meeting as relating to this question, which was to act as their official notice.

GUY S. STONE, Acting Clerk.

COPY OF TAX WARRANT FOR 1952

We, the undersigned, selectmen of the Town of Dorset, do hereby submit to the Town Treasurer a tax warrant for the collection of taxes for the fiscal year of 1952 at the following rate;

\$5.42 per hundred dollars of evaluation.

We are signing this under protest and solely for the collection of taxes for the purpose of operating the town for the year. The Grand List was not legalized as voted at Town Meeting 1952, Article 1.

The Grand List is full of irregularities: ie, some properties are listed at 1/5, some at 1/3, and others at other percentages; and the polls are in at full value.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 23, 1953

Members of the Dorset School Board:

While the enrollment of the Dorset schools appears to be declining slightly, the pupils are so distributed as to make the Dorset Village school somewhat crowded. The program of interior painting and floor cleaning carried out there this past summer did much to add to its attractiveness, but there is still opportunity for improvement, especially in the hall and stairway to the second floor. The floors at East Dorset should receive similar treatment, and there is a question of possible fuel saving there with some insulation of the building. That building has no usable facilities for a hot lunch program such as the Dorset pupils enjoy.

There were 162 pupils enrolled in September compared with 166 last year, and a few new pupils have moved in. The average enrollment for the last school year (July to June) was 173 with 98 boys and 75 girls. 124 of these were promoted to their next grade without condition, while 14 were promoted on condition, and 15 not promoted. The achievement test of last May revealed 70% of the pupils at or above grade on the basis of nation-wide standards which is quite satisfactory, though capable of improvement. It was better than the previous year. The 8th grade made the best showing with 78.6% up to grade, and an especially good showing in English of 92.8.

The East Dorset school is making excellent use of the projector purchased last year with informative films being shown on a regular schedule. A strip film projector with a gradually growing film library for it would be a very useful addition to the teaching equipment of the school. Another welcome addition to the equipment at the Dorset school would be darkening shades in the second floor front room.

Budgeting this year is a bit uncertain owing to possible changes in salary requirements and state aid distribution by the legislature now in session, but any legislative action may be known by town meeting time when any required changes in the budget allocations can be taken care of. Another unfortunate feature is that the fiscal year and school year are not the same, though they should be.

Your budget like others being made up this year, shows an increase over last year, but an era of rising prices has an impact upon the school business similar to that upon all others, so that the fact of showing a budget increase need not be taken in any way as an indication of extravagance. If Dorset is to maintain its schools at a comfortable standard of efficiency, it would be difficult to eliminate or cut any items enough to make any material difference in the total figure.

Respectfully submitted,

EDWIN L. BIGELOW,

Superintendent of Schools.
